

Member Health Insurance Program

In partnership with VSP®

Get exclusive access to affordable small group health, dental and vision insurance

Attracting and retaining employees just got a little easier for New Jersey Chamber of Commerce members

Membership in the New Jersey Chamber of Commerce just got even better, as AmeriHealth and Delta Dental of New Jersey have teamed up with the NJ Chamber to offer group health, dental, and vision plans. This unique partnership is available to NJ Chamber members only.

You can offer the benefits employees want at the prices they—and you—can afford. Chamber members will enjoy:

- Big-business benefits for all-sized companies
- Better dental pricing than purchasing group benefits on your own
- Flexibility to choose the coverage you want
- **One year's chamber membership fee will be covered with the purchase of an AmeriHealth plan* (provided as an administrative credit for the first year only).**

*The New Jersey Chamber of Commerce membership fee promotion applies to the purchase of a qualifying AmeriHealth plan and not to the purchase of Delta Dental or DeltaVision plans.

AmeriHealth[®]

AmeriHealth serves over 260,000 members, primarily in New Jersey and Pennsylvania.

- Experienced as both a medical insurer and a third-party administrator in the public and private sectors
- AmeriHealth offers a range of affordable health plans to meet the unique needs of individuals, businesses, municipalities and organizations across New Jersey, Pennsylvania and select regions nationwide.

DELTA DENTAL[®]

Delta Dental serves over 1.9 million members in New Jersey and Connecticut.

- Part of the Delta Dental system, the leading provider of dental insurance for individuals and groups of all sizes
- Three NJCC-only plans with available implant and orthodontia coverage options
- Largest local and national dental network

DeltaVision[®]

In partnership with VSP[®]

DeltaVision is offered in partnership with VSP, the leader in vision benefits.

- Largest local and national vision network
- Two plans with discounted exams, frames, and lenses
- Serves over 84 million Americans
